The Serve is the most powerful and potentially dominant shot in Tennis, and unquestionably the most important shot in Tennis, with 70% of points ending within the first 4 shots. It is also the only shot a Player has total control over, from:

- when to hit the ball (timing)
- how fast/hard to hit the ball (speed)
- where to aim the shot (target – wide, middle, centre, at the body)

Ever wondered how good is your Serve?

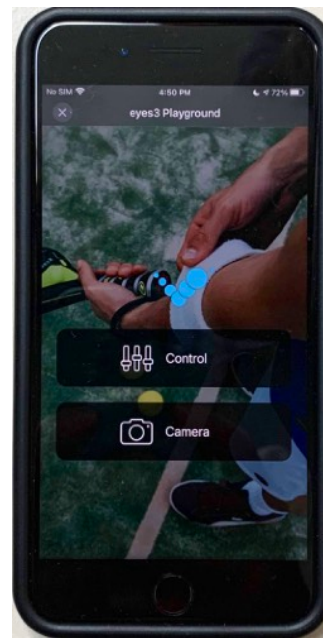

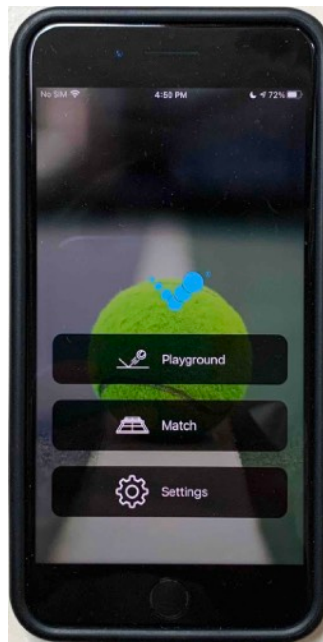

eyes³ PLAYGROUND mode is a fun approach to learn more about your Serve!

SPEED ○ CONSISTENCY ○ ACCURACY

Minimum Requirement:

- Three (3) Apple iPhones (iPhone 7 or better)
- eyes³ User Account

Designate one iPhone as the CONTROL (“eyes³ CONTROL”) and the other two as CAMERA (“eyes³ CAMERA”)

Competition Format: Tennis Serve (Deuce-Court Total Speed)

1. Single Division (combine Men, Women, Boys and Girls categories in a single Division)
2. Minimum of 3 iPhones - designate 2 iPhones as eyes³ CAMERA and 1 as eyes³ CONTROL. The eyes³ CAMERAs must be positioned in CAM1 and CAM2 placements, with CAM1 aimed at the Deuce-Court's service box and CAM2 aimed at the Player making the serves
3. Serve from Deuce-Court (server) to Deuce-Court side (receiver)
4. Objective = make as many serves as possible within a 20-second Time-limit (aka "Session")
5. Points = ball landing speed (defined as the speed of the ball just before the ball impacts the ground) on a 1 point per 1 km/h basis
(i.e. a 100km/h serve = 100 points)
6. Score = aggregate Points for all the serves called IN made in a single Session
7. Every Session is automatically submitted and ranked in Global Ranking

Competition Rules

1. 2021 ITF Rules of Tennis apply, where appropriate, in particular:
 - Rule 1 – The Court
 - Rule 3 - The Ball
 - Rule 4 - The Racket
 - Rule 16 - The Service
 - Rule 17 – Serving
 - Appendix I – The Ball
 - Appendix II– The Racket
2. Only sessions on eyes³ Global Ranking are considered
3. Sessions must upload to the Cloud both videos of ball impact (CAM1) and player (CAM2) to be considered valid sessions for the purposes for awarding Prizes. Further, the Participant making the serves in the sessions must be clearly visible in the CAM2 video
4. eyes³ Sports Technology, its affiliates and sponsors will vet the sessions for compliance with the Competition Rules and can reject any sessions that are, in their infinite wisdom, considered not valid
5. No appeals will be entertained if sessions are rejected
